

10 Winter Fundraising Ideas

1. Host a bonfire night

Serve warm drinks (tea, coffee, hot chocolate) and make jacket potatoes! Guests can bring blankets and coats to warm up. You could do this in your garden or in a community space which allows bonfires (check before!).

2. Quiz Night

Organising a quiz night – in your local pub, community centre or at home - is a great way of raising money for Children Change Colombia. It is sociable, fun and everyone always learns something new! Let us know if you would like an information pack on how to organise one.

3. Have a party!

The possibilities are endless... Halloween party, Christmas Party, Salsa party, karaoke party, dinner party, music recital (if you play an instrument/sing) or even a Mulled wine evening. For all of these you can raise funds by charging an entry fee and doing a raffle.

4. Fete, fair or festival

Why not get together with friends and organise a celebration of all things Colombian or Latin American - with food, drinks, crafts, jewellery (we can help provide this) and music. You could also have some games! This can be hosted at a church or community centre. You can raise funds by charging for entry and games.

5. Buy our vibrant Colombian Jewellery as Christmas presents

It's all Fair Trade, all the profits go towards our work with children in Colombia, and they make great Christmas presents! Our stock is kept in our office in London. You can pay in cash or by cheque or credit card.

6. Hold a coffee morning

Colombia's smooth coffee is known throughout the world for its high quality, what better way to warm up this winter, raise funds for Children Change Colombia and catch up with friends? Or if you're at work invite your colleagues to take a purposeful coffee break.

7. Ask for donations to Children Change Colombia for your birthday or for Christmas

8. Organize a Fantasy Football league

Enjoy watching sports during the winter and fundraising for Children Change Colombia! Get your friends together to create a league and charge each person to participate.

9. Do a winter challenge

As well as raising funds for Colombia's most at risk children, challenges are a great way of getting fit and having fun with friends. You could do a walk, run, swim, parachute jump, skiing, or a cycle trip... just let us know if you would like more ideas. Winter and bad weather are great excuses to make your friends feel more generous!

10. Hold a film night

Why not invite your friends and family round, bake some goodies and kick off the night by showing one of our short films! By charging an entry fee, you could raise funds and help raise awareness of Children Change Colombia's work. You can find our videos on our Youtube channel: <http://www.youtube.com/user/ChildrenAndes>
